

A unique multidisciplinary approach

Your sexual health goes beyond the medical aspect alone. This is why our centre relies on a multidisciplinary team dedicated to your overall well-being:

HIV/STI/PrEP/PEP Specialists:

Prof. Jean-Christophe Goffard,
Dr Sophie Henrard, Dr Marc Hildebrand,
Prof. Jean-Paul Van Vooren,
Dr Caroline Carpentier, Prof. Maya Hites &
Dr Thomas Antoine-Moussiaux

Nurses specialised in sexual health and addiction care:

Anne De Vleeschouwer & Zoé Kipouros

Gynaecologists:

Prof. An Vercutere (obstetrics) &
Dr Morgana Zingarelli (general gynaecology)

Urologist: Dr Jeanne Beirnaert

Proctologists: Dr Florence Hut, Dr Najila Bachir & Dr Gontran Verset

Mucosal Dermatology: Dr Lucas Boussingault & Dr Lyna Mtimet

Psychiatrists: Dr Chloé Leemans & Dr Daniel French

Psychologist: Chantal Laruelle

Social Worker: Mathilde Baudelet

Dietitian: Michel Vanbergen

Endocrinologists – Transgender Clinic: Dr Elina Kyrilli & Dr Rebecca Fischler

Take care of yourself. Take care of others.

Whether it is your first screening, treatment follow-up, or psychological support, our professionals work together to offer you **human, non-judgmental, and personalised care.**

Welcome to your Sexual Health Centre

Your health includes physical, psychological, and sexual well-being.

As a Reference Centre, our mission is to offer **comprehensive and confidential** care for all questions related to sexual health through a **multidisciplinary** approach.

Our expertise

HIV reference centre

Our team of specialists provides personalised medical follow-up and access to the **most innovative and effective** treatments, enabling people living with HIV to lead a healthy life and no longer transmit the virus (**U = U: Undetectable = Untransmittable**).

Screening and treatment of sexually transmitted infections (STIs)

We offer fast, easy, and comprehensive screening for all STIs (chlamydia, gonorrhoea, syphilis, hepatitis, etc.) and their immediate treatment.

Active HIV prevention

- **PrEP (Pre-Exposure Prophylaxis):** We are an expert centre for access to and follow-up of PrEP, a highly effective tool for HIV prevention.
- **PEP (Post-Exposure Prophylaxis):** Administration of an emergency treatment to protect against HIV after a high-risk sexual exposure.
